SUMMARY

Aspiring AI Backend Engineer focused on scalable backend systems, APIs, AI-powered applications, and problem-solving.

EDUCATION

Parul University | **CGPA: 7.76**

B.Tech - Computer Science & Engineering (AI)

Vadodara, Gujarat

Expected 2027

PROJECTS

TalentSync AI | *FastAPI, MongoDB, LLM APIs, Vector Embeddings* | **[In Progress]**

GitHub

- Developing an AI-powered recruitment assistant for resume analysis and candidate matching.
- Building backend APIs using FastAPI for resume upload, parsing, and candidate evaluation workflows.
- Implementing semantic similarity search using vector embeddings for job-description and resume matching.
- Designing recruiter outreach workflows with LLM-generated messaging and candidate interaction simulation.
- Integrating MongoDB for storing resumes, candidate profiles, and matching results.

Neural Spark: AI-Powered E-Learning with Automated Grading | **Group Project**

GitHub

- Built an AI-based e-learning platform with automated grading features.
- Developed an assignment evaluation pipeline using Transformers and prompt-engineered LLMs.
- Worked on frontend-backend integration and database connectivity.
- Deployed the application on cloud platforms for online access and testing.

AI-Powered Smart Task Management Dashboard | *Node.js, Express.js, HTML, CSS, JavaScript*

GitHub

- Built a full-stack task management dashboard with authentication and task tracking.
- Developed REST APIs using Node.js and Express.js for task and user management.
- Integrated MongoDB Atlas with JWT authentication and secure backend validation.
- Deployed the application on Render with frontend and backend on a single domain.

TECHNICAL SKILLS

- **Languages:** Java, C, Python--.
- **Backend:** FastAPI, Node.js, Express.js.
- **Web Technologies:** HTML, CSS, Tailwind CSS, JavaScript (Basic)
- **Databases:** MySQL, MongoDB Atlas
- **Core Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), REST APIs.
- **Tools :** VS Code, Eclipse, IntelliJ, PostMan, GitHub.

ACHIEVEMENTS & CERTIFICATIONS

- Solved **190+** coding problems across Leet Code
- IBM AI Foundations[[View](#)]
- Hacker Rank Software Engineer[[View](#)].
- NPTEL **Computer Networks** Certificate (IIT Kharagpur) [[View](#)].

SOFT SKILLS

- Problem-Solving, Team Collaboration, Adaptability, Leadership
